

# STRATEGY CONFERENCE

## VISIONS FOR INFECTION CONTROL

### Meeting Program

Wednesday, 14 June 2017

11:00	Arrival, Registration, Lunch
12:00	<b>Welcome &amp; Overview</b> Axel Brakhage and Oliver Kurzai <i>Leibniz Institute for Natural Product Research and Infection Biology – Hans Knöll Institute –</i>
12:20	<b>Welcome</b> Christoph Wannek <i>Federal Ministry of Education and Research</i>
12:30	<b>Keynote Lecture // Chair: Oliver Kurzai</b> <b>Jürgen Graf</b> , <i>University Hospital Frankfurt</i> Challenges in healthcare and infectious disease – from the perspective of a University Hospital
13:15	<b>Project reports &amp; Poster Teaser Talks // Chair: Cornelia Betsch &amp; Oliver Kurzai</b>  <b>Petra Gastmeier</b> , <i>Charité – Universitätsmedizin Berlin</i> CLIP-ID - Climate and pathogens - impact of decolonization  <b>Wolfgang Sunder</b> , <i>Technische Universität Braunschweig</i> <b>Hortense Slevogt</b> , <i>Jena University Hospital</i> KARMIN  <b>Carolin Dewald</b> , <i>Friedrich Schiller University Jena</i> Effective strategies for controlling and dealing with transmission pathways of pathogens in air traffic  <b>Frank Brenner</b> , <i>Potsdam Institute of Climate Impact Research</i> Modelling fast spreading patterns of airborne infectious diseases using complex networks  <b>Daniel Michael Mrochen</b> , <i>University Medicine Greifswald</i> Wild and laboratory mice are naturally colonized by <i>S. aureus</i>  Poster Teaser Talks [1-16]
14:40	Coffee Break
15:00	<b>Keynote Lecture // Chair: Markus Lehmkühl</b> <b>Volker Stollorz</b> , <i>Science Media Center Germany gGmbH</i>
15:45	<b>Project Reports &amp; Poster Teaser Talks // Chair: Markus Lehmkühl &amp; Hortense Slevogt</b>  <b>Florian Salm</b> , <i>Charité – Universitätsmedizin Berlin</i> Rationaler Antibiotikaeinsatz durch Information und Kommunikation – Vorstellung der Ansatzpunkte des RAI-Projektes  <b>Cornelia Betsch</b> , <i>University of Erfurt</i> Impfen 60+: Interventions to increase vaccination acceptance and uptake  <b>Daniela Zühke</b> , <i>University of Greifswald</i> Antires - Dissemination of antibiotic resistant bacteria and antibiotic resistance proteins in urban wastewaters  <b>Amelia Barber</b> , <i>Leibniz Institute for Natural Product Research and Infection Biology – Hans Knöll Institute –</i> Incidence and mechanism of azole resistance among <i>Aspergillus fumigatus</i> in Germany  Poster Teaser Talks [17-31]
17:00	Poster Session & Coffee Break
17:45	<b>Panel Discussion: Visions &amp; Perspectives for Infection Control</b>  <b>Michael Bauer</b> , <i>University Hospital Jena</i> <b>Axel Brakhage</b> , <i>Leibniz Institute for Natural Product Research and Infection Biology – Hans Knöll Institute –</i> <b>Eugen Ermantraud</b> , <i>BLINK AG, Jena</i> <b>Petra Gastmeier</b> , <i>Charité – Universitätsmedizin Berlin</i> <b>Stefan Kaufmann</b> , <i>MPI for Infection Biology, Berlin</i> <b>Matthias Kleiner</b> , <i>President of the Leibniz Association</i> <b>Christoph Wannek</b> , <i>Federal Ministry of Education and Research</i>
19:00	Get-together [BBQ at the HKI]

# STRATEGY CONFERENCE

## VISIONS FOR INFECTION CONTROL

### Meeting Program

Thursday, 15 June 2017

9:00	<b>Keynote Lecture // Chair: Wolfgang Sunder</b> <b>Joachim Welp</b> , Architecture group Schweitzer + Partner, Braunschweig Beitrag des Krankenhausbaus für die Krankenhaushygiene
9:45	Coffee Break
10:15	<b>Parallel Symposia</b>  New antimicrobial compounds [Katharina Riedel] Mechanisms of resistance against antibiotics [Sören Gatermann] Infection control in the 21 <sup>st</sup> century [Thomas Grünwald] Interdisciplinary competence [Matthias Schwarzkopf] POC Diagnostics: Goals and problems [Frauke Hein]
12:00	Lunch
13:00	<b>Keynote Lecture // Chair: Manuela Marz</b> <b>Lothar Wieler</b> , Robert Koch Institute Future challenges for infection control - and what we can do about them
13:45	<b>Project Reports &amp; Presentation of Symposia Results</b> , Chair: Barbara Bröker & Manuela Marz  <b>Guido Werner</b> , Robert Koch Institute IRMRESS  <b>Manuela Marz</b> , Friedrich Schiller University Jena Molecular serology for rapid determination of vaccination titers  <b>Svenja Mamerow</b> , Friedrich-Loeffler-Institut Development of novel double-attenuated live vaccines in swine  <b>Sven Hammerschmidt</b> , University of Greifswald VacoME - Vaccine development for respiratory and systemic infections in humans and pigs  <b>Barbara Bröker</b> , University Medicine Greifswald Pathogen-host interaction - what can we learn from immunoproteomics?  Presentation of Symposia Results and Discussion
15:15	Coffee Break
15:45	<b>Diagnostics Workshop* // Chair: Ralf Ehricht &amp; Marie Röcker</b>  <b>Werner Brabetz</b> , Biotype Diagnostic GmbH From ideas to successful products: Design and development of <i>in vitro</i> diagnostic devices from an industrial point of view  <b>Ralf Ehricht</b> , Alere Technologies GmbH New molecular and antibody-based tests for the rapid detection of carbapenemases for screening and bedside testing  <b>Nicole Normann</b> , University Medicine Greifswald Protein markers for pathogen detection and risk stratification in patients with a suspected bacterial infection  <b>Teresa Domaszewska</b> , MPI for Infection Biology Nitpicking on interferon response among TB patients  Presentation of Symposia Results and Discussion
18:00	<b>Colloquium at the Zeiss-Planetarium</b> <b>Johannes Krause</b> , MPI for the Science of Human History Das Genom des Schwarzen Todes
19:00	Conference Dinner - Bauersfeld Restaurant at the Zeiss-Planetarium

# STRATEGY CONFERENCE

## VISIONS FOR INFECTION CONTROL

# Meeting Program

Friday, 16 June 2017

9:00	<b>Keynote Lecture //</b> Chair: Florian Kloss <b>Katharina Kranzer</b> , NRC for Mycobacteria, Research Center Borstel - Leibniz-Center for Medicine and Biosciences The threat of multi-drug resistant tuberculosis
9:45	Coffee Break
10:15	<b>Drugs: Development to Application Workshop*</b> // Chair: Florian Kloss & Katharina Kranzer
<p><b>Florian Kloss</b>, Leibniz Institute for Natural Product Research and Infection Biology – Hans Knöll Institute – From the antibacterial hit to an antibiotic drug – An avenue of coincidences and risk</p> <p><b>Alexander Scheffold</b>, Charité – Universitätsmedizin Berlin CD4 T cells as specific sensors for diagnosis [and therapy?] of fungal infections</p> <p><b>Maria Stroe</b>, Leibniz Institute for Natural Product Research and Infection Biology – Hans Knöll Institute – Activation of silent gene clusters through heterologous expression and chromatin remodeling</p> <p><b>Temesgen Hailemariam Dadi</b>, Freie Universität Berlin SLIMM: species level identification of microorganisms from metagenomes</p> <p><b>Christian Wolff</b>, University of Greifswald Protein markers for pathogen detection and risk stratification in patients with a suspected bacterial infection</p> <p>Presentation of Symposia Results and Discussion</p>	
12:00	Lunch & Departure

\*organized by TFP
